

# His Workmanship

For we are His workmanship,  
created in Christ Jesus for good works,  
which God prepared before hand...

Ephesians 2:10

# Sanctity of Human Life

**"I will praise you for I am  
fearfully and wonderfully made"**

In scripture, God uses many ways to express His love for us and to establish our value in His eyes. We are His workmanship, His masterpiece, new creations, precious, adopted, an intricate unity, knitted together, shining stars, fearfully and wonderfully made, children of God, His sheep, heirs of God, joint-heirs of Christ, ambassadors, esteemed, and only a little lower than the angels in heaven. By His design and in His image, we are perfectly made.

Since the 1973 Roe v Wade decision, over 48 million of His unborn creations have been "legally" destroyed. Their deaths have had devastating effects in the lives of men and women. God intends for us to exist and fulfill His divine purpose. The life that God breathed into each of us is not ours to suffocate. It is not ours to judge whether a life serves a purpose or contributes to society. God's plan, was perfectly designed and intentional, to provide, through the shed blood of Jesus Christ, a way for all of His children to live eternally with Him.

Part of PPL's ministry is to educate members of the PC (USA) and the broader Christian community on life issues as revealed in God's word. We continue to work to call the PC (USA) to a policy on abortion that is consistent with a biblical view of human life. We call our denomination to reflect the value of all human life from fertilization to death. We seek to educate individuals and congregations through publications, newsletters, and presentations encouraging them to help women choose life and to bear one another's burdens. We seek to change policy through overtures to the General Assembly, and to change the culture of our denomination by making ministry equipping resources available to churches. PPL is an independent, non-profit corporation made up of members and pastors of the PC (USA). For more information about our resources, visit our website or contact PPL.
